CONSENT FOR ROBOTICS ORIENTATION SESSION

Dear Parent,

Greetings!

In pursuit of moving with technological advancement and making our students future ready, we are pleased to announce that Ridge Valley School is initiating a Robotics programme for the students of Grades III - VIII.

Avishkaar's Learning Programs for Robotics and IOT is a unique offering that allows students to learn these 21st century skills through classes run by expert trainers. Avishkaar is a leader in STEAM (Science, Technology, Engineering, Art, Mathematics) education that is disseminated through In-School Robotics Programs for students with a hands-on and fun-driven learning approach. The program encapsulates the teaching of essential skills such as robotics, coding, electronics, logic building and analytical thinking to name a few.
