MINDSPARK

Dear Parents, (Grades IV and V)

Greetings!

We are happy to introduce **Mindspark for our students of Grade IV & V**, which is a personalized, computer- based, adaptive learning program for Mathematics, built specifically for children to learn at their own pace.

Mindspark questions are designed to help students learn with understanding. It has a rich content bank of various question types including interactives, games, and remedials making it go hand-in-hand with whatever is taught in the class.

Mindspark can be accessed by students from school as well as from home, by logging into **learn.mindspark.in**

The usernames have been uploaded on ERP. Kindly help your ward to log in and start practicing.

Please find below the video to guide you through the steps of logging in to Mindspark.

Kindly connect with the mathematics teacher for any further help at the below ID-
swati.s@ridgevalleyschool.org

Warm Regards,

Ms. Nidhi Tewari
Principal
